3	The Detail of Operations form for this sortie records the two aircraft as A4-159 and A4-179. Photographs from the sortie clearly show A4-173 as the subject aircraft. Jake Jacobsen was flying A4-159 that day and he recalls: "I remember the photo shoot pretty well but I have consulted my log book to make sure. For the photo shoot shown in the photos, I was flying 159 as lead aircraft with Maurie Lewis in the other seat and Alan Fraser down the back with the photographer. The crew in the photograph coming up in line astern is Bruce Byron (brown helmet) in the left hand seat, Graeme Szczecinski in the RHS and Barry Gracie down the back. We did change lead for the return to base (VTA). A4-173 had done the 003 Mission earlier in the day. A4-179 was on the the 006 Mission that day and they would not have got back to base until late afternoon."
